OUR ASSURANCE TO YOU

MEET WITH

CONFIDENCE

The Jockey Club
Venues Collection
You’re in safe hands: we were one of the first industries to resume from lockdown and the first sporting industry to resume competing.

Our teams have already been delivering racing events in front of cameras streaming live to a global audience, making us the safe choice for your next conference or event.
OUR APPROACH

To give you confidence when booking events in these uncertain times we now offer:

• Additional floor space at no extra cost because we recognise you’ll need our support with social distancing
• Flexible terms to change or cancel your event because we know nothing’s certain right now
• Bespoke hybrid events, with high-speed Wi-Fi available

* All flexible options are subject to availability and to terms and conditions and may be withdrawn at any time. Minimum numbers may apply.
WE’RE READY

• We’ve worked with Public Health officials to ensure our environments are safe in line with government guidelines

• Our teams have been here throughout the public health crisis so our turnaround times are quick and we understand the realities of working in the new normal

• Jockey Club Venues teams have all completed Covid-19 safety training and are on hand ready to guide you through the changes

• Our venues have strict cleaning regimes including increased frequency of cleaning, plenty of hand sanitisers and use of appropriate PPE

• Signage and stewarding are in place across our venues to support social distancing and event capacities have been adjusted
OUR LOCATIONS

- We can offer your delegates abundant space, access to outdoor areas and private spacious breakout lounges, all with spectacular views.
- Our free car parks are large enough to ensure no one needs to park alongside another vehicle.
- Jockey Club Venues are located away from busy city centres and high population density areas but close enough to the major road networks to make driving in a breeze.

OUR ASSURANCE TO YOU: MEET WITH CONFIDENCE
OUR FOOD AND DRINK

• Our teams have been catering safely and successfully for our racing fixtures behind closed doors

• New measures to keep you safe include high-temperature cleaning regimes and support for social distancing during breakouts and mealtimes

• Naturally there’ll be no compromise on taste or nutrition
We’ve weathered many storms since the inception of The Jockey Club in 1750. You’re in safe hands with us, and we’re here whenever you’re ready to start meeting again.
